

eLUMINATE-200 BATTERY RECYCLING PROGRAM

FREE RECYCLING PROGRAM
for eLUMINATE Power Packs.

Candle Lamp Company encourages the recycling of its eLuminate battery powered candles as an environmentally responsible practice. As part of its corporate product stewardship program, Candle Lamp offers a free recycling program.

eLuminate power packs contain an alkaline battery manufactured without mercury additives. According to EPA regulations identifying hazardous waste, after use, our batteries are not considered hazardous waste by the federal government. Some states and municipalities regulate non-mercury alkaline batteries as Universal Waste. Prior to discarding any battery the State and local rules in your area should be consulted for proper and legal disposal. Due to import/export regulations this program is only available to continental USA customers.

PROCESS FOR THE END USER:

- 1) Collect a minimum 72 used batteries.
- 2) Pack used batteries in a box suitable for transportation, tape flaps closed.
- 3) Use the attached form (page 2) and submit your information.

[Or you may contact Candle Lamp Customer Service Dept. at (877)526-7748 or (951)682-9600 to initiate the return process.]

After providing some pick up information details, you will provided a website link to obtain the shipping label to return the product to Candle Lamp, freight prepaid.

- 4) Print the shipping label, fold in half and tape to outside of a suitable box.
- 5) Call FedEx® for pick up (800)762-3725 or drop off at any local FedEx® facility.

eLUMINATE controllers are reusable.
DO NOT RETURN when recycling used batteries.
